Don't miss the outdoor living of this 1-Story home that boasts 390 sq ft of covered patio with flagstone. A full outdoor kitchen and living area underneath the extended roof offers shade and solace and overlooks the picturesque GREENBELT. The outdoor living further features, lights, surround sound, shades and access from the breakfast nook through a screen door.

This Belterra beauty is full of upgrades such as copper sinks and granite in all bathrooms plus upgraded tile throughout. A rare find in Belterra is the utility room that offers a sink and built-ins, along with surround sound in the family room, dining room and office. Crown
