This delightful home is sure to captivate you from the moment you walk in the door. Completely updated throughout with elegant, modern touches, original features have been retained to uphold the home's classic appeal.

Rich hardwoods gleam in every room, offset beautifully by the crisp white finish of the solid interior doors, new kitchen cabinets, and hand planed molding. Cozy up to the fire in the spacious, light-filled living room, or sneak away to the large main floor office for a peaceful retreat. The kitchen has been recently remodeled to feature stunning slab granite counters, professional-grade stainless appliances, and a convenient center island with bar stools.

Three bedrooms are located upstairs, each with large windows letting in plenty of natural light. The master bedroom includes an attached bath with darling his-and-hers sinks and clean, white fixtures. The walk-up attic provides plenty of space for storage.
