Beautiful curb appeal, 4 bedrooms, WALK-OUT BASEMENT, and open layout. These are just some of the many features this Traditional 2 Story showcases! The entire first floor is covered with beautiful hardwood floors, curved archway to formal dining room, and the kitchen showcases a gourmet kitchen with maple cabinetry. Breakfast bar, built-in china cabinet plus desk, and two spacious pantries for all your added storage needs. The cabinets are beautiful with crown molding which the remaining of the first floor offers as well. The kitchen offers lots of seating at the bar, breakfast nook for table, and then the additional formal dining room will be terrific when entertaining throughout the year and especially when the holidays arrive. There is a beautiful gas fireplace with mantel. The seller currently has the room separated, but would work great if used as one large family room if desired. There are French doors that lead to the back yard and 23 x 12 deck is great
