Nita's Flower Market and Farm has more than two decades of success under its name and is now for sale on the Big Island, along with a leased retail space in Manoa on O'ahu. Nitta's Flower market is an institution in the Floral market in Honolulu.

This sale includes real property of over 15 acres, over 5 acres under shade-cloth, thousands of established flowering plants, a 5 bedroom residence, packing shed, lease of flower market on O'ahu and so much more!

A huge percentage of the value in this offering is in the anthurium and orchid plants, valued by professionals at over the asking price. The anthurium are housed under 5 acres of shade cloth and fully irrigated. These plants are nurtured for their cut flowers. Sold entirely through the farm's retail shop in Manoa on O'ahu, the current crop is already SOLD for the upcoming Holiday season.

A 100,000 gallon reservoir is stocked with both tilapia and catfish that feed the anthuriums through the Aquaponics system. This method of Organic fertilization has proved to be healthy and productive. The climate at the 2,000 foot elevation gives the land a perfect combination of rain and sunshine. All of the 15 acre estate is cleared and fairly level. Numerous possibilities including organic farming.

The farm also includes a permitted packing shed with work tables, plumbing and electricity.

The broker, seller, builder, and/or developer does not guarantee the accuracy of information such as square footage, lot size, architectural images, or other information concerning the condition or features of subject property. Information is deemed reliable, but is not guaranteed.
